

Provided by Specialty Graphic Imaging Association

In an increasingly competitive global economy, training and education is critical to the long-term viability of the industry. SGIA has long recognized the important role educational institutions play in providing a skilled workforce to the trade and is committed to providing the educator resources necessary in order to ensure the future success of this industry.

What follows is a growing list of SGIA Post-Secondary Educator Members who offer either associate, bachelor, or master's degree programs. Covering a wide range of printing specialties, these programs are the perfect solution for any student who is looking to further their specialty imaging education before entering the professional workforce.

The poster features the SGIA logo at the top left, followed by the text 'Scholarship Opportunity'. Below this, it states that SGIA, in conjunction with the Specialty Graphic Imaging Foundation (SGIF), will award \$2,000 to fifteen students. It includes a call to action 'Apply today!!' and a submission deadline of April 13, 2018. Contact information for Erin Nuss is provided, along with the website SGIA.org/Scholarship. A central graphic shows a stack of colorful, translucent containers (blue, red, yellow) with a graduation cap on top, symbolizing education and scholarship. The bottom of the poster contains the SGIA logo and address: Specialty Graphic Imaging Association • 10015 Main Street • Fairfax, VA 22031.

SGIA
Scholarship Opportunity

SGIA, in conjunction with the Specialty Graphic Imaging Foundation (SGIF), will award **\$2,000** to fifteen students.
Apply today!!

Submit your application by:
April 13, 2018

SGIA.org/Scholarship
Contact Erin Nuss, SGIA's Associate Manager of Education, at (703) 359-1323 or erin@sgia.org with any questions.

Eligibility: Must be a student of an active SGIA Educational Institution Membership and committed to pursuing a career within the growing imaging community.

SGIA
Specialty Graphic Imaging Association • 10015 Main Street • Fairfax, VA 22031

SGIA Scholarship Program

In conjunction with the Specialty Graphic Imaging Foundation (SGIF), a nonprofit educational affiliate of SGIA, the Association will be awarding **scholarships** to students who plan to attend a post-secondary education program in the fall of 2018.

Supported by generous donations from endowment investors and industry leaders, the SGIA Scholarship Program will award \$2,000 to student recipients.

Student applicants are reviewed based on their scholastic achievement, application essay, participation in extracurricular activities, achievements and work experience, and academic and professional recommendations. They must be a student of an active **SGIA Educational Institution Member** and committed to pursuing a career within the growing imaging community.

Submit Your Application by April 13, 2018.

Awarding \$2,000 to 15 Students.

If you have any questions, contact Erin Nuss at erin@sgia.org, SGIA's Associate Manager of Education.

ASDPT Tom Frecska Student Printing Competition

The **ASDPT Tom Frecska Student Printing Competition**, sponsored in part by the **Academy of Screen and Digital Printing Technologies**, recognizes exceptional specialty printed items. SGIA Educational Institution Members are encouraged to submit their students' finest work into this competition to be judged by Academy experts.

Show the imaging community that you have what it takes to excel in this industry with an esteemed Tom Frecska Student Printing Competition Award. Highly sought after by graphic arts students, Academy awards honor superior imaging work within a variety of categories. Entrants represent secondary (high school and vocational) students and post-secondary (technical school, college or university) students.

Entry Procedures

All 2017 entries must be **entered online** and mailed directly to our warehouse in New Orleans.

Exposure

This is a great opportunity for students to have samples of their finest work evaluated by Academy experts. All submissions will be displayed to industry leaders from around the world at the 2017 SGIA Expo in New Orleans, October 10-12, 2017, and winners will be awarded at the show. **Click here** for more information on the competition judges and judging criteria.

Eligibility

SGIA Educational Institution Members are invited to submit samples on behalf of their students.

- Samples must be printed by students of the member school
- There are no fees associated with entering
- Entries can be an individual or team effort

Students may submit samples in any of the [categories](#) of the competition.

Educational Divisions

Two divisions of the competition will be judged separately - Secondary (High School and Vocational) and Post-Secondary (Technical School, College or University).

Award Categories

Best of Show

Two exceptional entries, one from each division (secondary and post secondary), will be chosen from the Award of Excellence winners, and will be honored with the Best of Show award. Best of Show winners receive a special Academy Student Achievement Award and a cash prize of \$500 to use toward their graphic arts education. Instructors will also receive \$500 to use toward their school's graphic arts educational program.

Award of Excellence

First place winners within each category receive an Academy Student Achievement Award.

Certificate of Merit

An honorable mention may be awarded from each category.

Additionally, each school will receive a plaque to showcase their winning students who were honored with the Award of Excellence, Certificate of Merit and/or Best in Show Award.

NOTE: Entries on display are attached using staples. SGIA is not responsible for damage to entries when they are hung for display. We encourage matting and/or framing entries to avoid any damage.

Sponsored by the [Academy of Screen and Digital Printing Technologies](#)

In memory of one of the strongest supporters of the screen print industry, the Academy dedicated its Student Printing Competition to Tom Frecska, the late editor of *Screen Printing Magazine*. Tom, who passed away suddenly in 2009, recognized the importance of and supported the education of students in the screen printing process. The competition was renamed the Tom Frecska Student Printing Competition.

The Academy of Screen and Digital Printing Technologies (ASDPT) was established by the SGIA Board of Directors in 1973. The Academy recognizes individuals who have contributed to the technical growth and/or advancement of the screen and digital printing industries.

Classifieds: Internship Opportunities For Students

Internships are an excellent way to get hands-on training in the imaging workforce, and you gain a fresh perspective and insider look into the industry. As an intern, you have access to unmatched networking opportunities with successful printing professionals, and you get the unique chance to apply your classroom training to real-world production. A student internship will not only give you a competitive edge in the job market, but it will provide a smoother transition to becoming a professional employee.

Build your confidence as well as your resume by applying for a student internship and launch your printing career to the next level.

Want to jumpstart your specialty imaging career? [Click here](#) for the latest information on student internships.
